## Our Breeding Programme

A typical litter of ElysianField pups.

here at ElysianField, consists of planned litters , from our own Stud dogs and from some very select outside stud dogs to enhance our breed lines.

We breed for outstanding, stable temperament, and for correct conformation.

Our Stud Dogs are not available to outside kennels.

All our pups are kitchen raised, and family socialized.

## We Stand Behind Every Terrier.

### Your New Pup

- has a micro-chip implant for permanent identification has the shots required for its age
- had its dew claws removed
- comes with a four generation pedigree
- has American Kennel Club registration application
- genetic soundness guarantee up to the purchase price OR a replacement pup
- 100% soundness guarantee.

## ElysianField

is very proud to be in the fore front of the new strict guidelines for this area, indeed this region, regarding the housing of canines. We are **fully licensed** in our municipality as a Breeding/Show kennel,

We completed the re-zoning necessary to our putting up a state of the art kennel, complete with exercise runs, a puppy romp & play area, and an out door fenced and shaded paddock.

*Wait List* for retirement homes for older adults available. Contact us.
